

Applies to Ajo and Vicinity
Electric Service**ORIGINAL**STATEMENT OF CHARGE
GENERAL ELECTRIC SERVICERATES

In Opinion and Order No. 54709, dated October 10, 1985, the Commission approved the following rates to become effective for all services on and after November 1, 1985:

<u>Description</u>	<u>Rate</u>
Customer Charge: No KWH included in minimum	\$4.50 per month
All KWH - Per KWH	\$0.0943

PURCHASED POWER AND FUEL ADJUSTMENT CLAUSE

In Opinion and Order No. 53264, dated October 25, 1982, the Commission approved a Purchased Power and Fuel Adjustment Clause. Charges under this clause are in addition to the KWH charges under "RATES" above. Per Order No. 59926 dated December 18, 1996, the Purchased Power and Fuel Adjustment Clause is changed to a negative \$0.0507 per KWH. That level shall remain in effect until further order of the Commission.

BASE PERIOD COST

The base period cost per KWH of electricity from which the adjustment is to be made is \$0.0800.

TAXES AND ASSESSMENTS

In addition to all other rates and charges authorized herein, the Company shall collect from its customers all applicable sales, transaction, privilege, regulatory or other taxes and assessments as may now or in the future apply.

AJO IMPROVEMENT COMPANY – ELECTRIC DIVISION**ELECTRIC RATE SCHEDULE GS-1****I. Availability**

Available to all residential and commercial customers within the utility's certificated service area where facilities of adequate capacity and voltage are adjacent to the point of delivery.

II. Applicability

Applicable to all electric service supplied through one point of delivery and measured through one meter. Not applicable to temporary, standby, supplementary or resale service.

III. Rates

Monthly Service Charge	\$5.20
Energy Charge – Per kWh for all usage	\$0.06232

IV. Purchased Power Adjustment

The base cost of purchased power is \$0.034699 per kWh. Pursuant to the utility's purchased power adjustment procedure, it may from time to time flow through to customers increases or decreases in this cost, as approved by the Arizona Corporation Commission ("ACC").

V. Tax Adjustments and Regulatory Assessments

Total monthly sales for electric service are subject to adjustment for all federal, state and local governmental taxes or levies on such sales and any assessments that are or may be imposed by federal or state regulatory agencies on electric gross utility revenues.

VI. Conditions of Service

The terms and conditions for the provision of service to the customer under this rate schedule are subject to the Rules and Regulations of the utility, as approved and modified from time to time by the ACC.

VII. Effective Date

This rate schedule is effective for all service on or after September 1, 2000 as authorized by the ACC in Decision No. 62764 dated August 2, 2000.

AJO IMPROVEMENT COMPANY – ELECTRIC DIVISION**ELECTRIC RATE SCHEDULE PPA – PURCHASED POWER ADJUSTOR****I. Applicability**

Applicable to all kWh sales of electric provided to customers under Rate Schedule GS-1.

II. Purchased Power Adjustment Procedure

Ajo Improvement may increase or decrease customer's bills due to variances in the cost of purchased power from the base cost of purchased power included in Rate Schedule GS-1. All such increases or decreases must be approved by the Arizona Corporation Commission ("ACC"). The base cost of purchased power in current rates is \$0.034699 per kWh, as authorized by the ACC in Decision No. 62764, dated August 2, 2000.

III. Purchased Power Adjustor

Purchased Power Adjustment – Per kWh for all usage \$0.005332

IV. Effective Date

This rate schedule is effective for all service on or after September 1, 2000, as authorized by the ACC in Decision No. 62764, dated August 2, 2000.

STATEMENT OF CHARGES
UNBUNDLED DISTRIBUTION SERVICE

RATES

This tariff complies with A.A.C. R14-2-1602 and R14-2-1606 of the rules of the Arizona Corporation Commission. This rate encompasses basic service of delivering electricity to Ajo Improvement Company (AIC) retail customers provided by an Authorized Primary Electric Service Provider (APESP) to the AIC points of interconnection.

DESCRIPTIONRate

Monthly Customer Charge: No kWh included

\$ 5.20

All kWh - Per kWh

\$ 0.027621

AVAILABILITY

This tariff is available to any APESP who desires to receive this unbundled distribution service beginning January 1, 1999 as such service may be available and subject to compliance by the APESP of all AIC rules of service and the terms and conditions contained herein. Service is available to retail customers by request upon receipt of a completed and signed Service Request form. The Service Request form is available from AIC.

PURCHASED POWER AND FUEL ADJUSTMENT CLAUSE

This clause is not applicable to this service.

TAXES AND ASSESSMENTS

In addition to all other rates and charges authorized herein, the company shall collect from its customers all applicable sales, transaction, privilege, regulatory or other taxes and assessments as may now, or in the future, apply.

GENERAL TERMS AND CONDITIONS

Applicable to All Services Set Forth in Sheet Nos. E-7.0 to E-30.0

GENERAL

1. Service is available only upon full and complete disclosure of all unbundled services being requested, and identification of the Authorized Primary Electric Service Providers (APESP), the identification of any other ESPs providing service under contract by the customer, or group of customers.
2. Service is available only from AIC to retail customers in AIC's service territory. No services may be resold by the APESP, or any ESP, to any third party. A list of all certified APESPs is available from the Company free of charge.
3. AIC is not responsible for any charges, fees, fines or other remuneration any customer, or group of customers, may incur to third parties, APESPs, or ESPs, in contracting for services hereunder.
4. A customer, or group of customers, will be removed from this rate schedule if total payment to its APESP is not made within 60 days of such service.
5. A customer, or group of customers, will not be served by any APESP until such time as the customer, or group of customers, has eliminated any outstanding balance(s) with AIC.
6. A customer, or group of customers, will not be served by AIC until such time as the customer, or group of customers, has eliminated any outstanding balance(s) owing to any APESP.
7. The customer, or group of customers, assumes all liabilities for damages to AIC's equipment and facilities when purchasing this service from any APESP.
8. Violation by the customer, or group of customers, an APESP or any ESP, of any of the terms and conditions of this tariff, or any of the rules, regulations and orders of the Arizona Corporation Commission, shall be grounds for termination of service.

GENERAL TERMS AND CONDITIONS

Applicable to All Services Set Forth in Sheet Nos. E-7.0 to E-30.0

AUTHORIZED PRIMARY ELECTRIC SERVICE PROVIDERS

1. Customers who elect unbundled service under the terms of this tariff shall be required to designate an Authorized Primary Electric Service Provider (APESP). The APESP shall be responsible for arranging with the customer all services which may be required for electric service including services to be provided by the APESP, any other ESP or AIC.
2. The APESP shall not be authorized to provide any service to customers in AIC's certificated area unless it is:
 - a. the holder of a certificate of convenience and necessity to provide electric service provider service issued by the ACC; and
 - b. it has entered into a satisfactory interconnection agreement with AIC.
3. The interconnection agreement shall include, among other things, provisions concerning establishment of service, the deposit by the APESP of adequate security to operate in AIC's certificated area, indemnification, discontinuance of service for non-payment, billing collection, auditing of operations and related items.
4. All APESPs shall be required to pay to AIC an initial establishment charge of \$500 per customer pursuant to A.A.C. R 14-2-203. The provisions of A.A.C. R 14-2-203 concerning other deposits and information on applicants for service shall be applicable to APESPs.
5. AIC is not responsible for any payment due to APESPs which it cannot collect when the customer selects AIC as the unbundled Collection service provider.
6. Where service is provided to any customer by an APESP or an ESP, the APESP or ESP shall be responsible for arranging and paying for all generation, transmission, and required ancillary services that may be required to provide such service or services at no cost to AIC for its customers who choose to use unbundled service.

TERMS AND CONDITIONS
UNBUNDLED METER SERVICE

1. AIC shall install, own, maintain and operate all metering equipment provided by an Authorized Primary Electric Service Provider.
2. The customer, or group of customers, requiring this service must pay AIC all costs associated with installing metering equipment (1) provided by the APESP and (2) approved by AIC.
3. The customer, or group of customers shall be required to pay for meter testing if requested by AIC when AIC believes the meter readings obtained from a meter supplied by an Authorized Primary Electric Service Provider are inaccurate. If the meter is found to be within tolerance, AIC will pay the cost of said meter test.
4. If a meter provided by an APESP is found to be out of tolerance, the APESP may receive a billing adjustment which reflects the cumulative meter error.
5. All other applicable terms and conditions in AIC's current tariff apply to service under this rate.

Sheet No. 34.0

APPLICATIONS FOR DISTRIBUTED RENEWABLE ENERGY RESOURCES
SCHEDULE

Applies to: The Ajo Improvement Company Service Area
Pima County, Arizona

ELIGIBILITY REQUIREMENTS:

Any customer of Ajo Improvement Company is eligible to apply for and if approved receive funding for an eligible Distributed Renewable Energy Resources as defined in A.A.C. R14-2-1802.

1. The Applicant must apply for – and receive approval for – funding in accordance with the procedure set forth in the Company's Renewable Energy Standard Implementation Plan – Plan for Distributed Renewable Energy Resources.
2. The distributed renewable energy system must be established physically within the Company's service territory.
3. Any project applied for must meet the requirements for a Distributed Renewable Energy Resource described in the Arizona Corporation Commissions' RES Rule A.A.C. R14-2-1802.
4. The Company will assume no liability for any incentive payment subsequently assigned to third party(ies) from the Applicants.

All Renewable Energy Credits ("RECs") derived from any Applicant receiving incentive payment(s) for any distributed renewable energy system, including generation and Extra Credit Multipliers, will be applied to satisfy Ajo Improvement Company's Annual Renewable Energy Requirement and Distributed Renewable Energy Resource Requirement.

CUSTOMER SELF-DIRECTED RENEWABLE ENERGY OPTION

Applies to: The Ajo Improvement Company Service Area
Pima County, Arizona

ELIGIBILITY REQUIREMENTS:

Eligible Customers as defined in A.A.C. R14-2-1801.H. will be subject to the terms and provisions in this schedule and A.A.C. R14-2-1809.

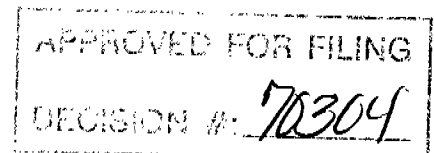

1. Potentially Eligible Customers apply for – and receive approval for – funding in accordance with the procedure set forth in the Company's Renewable Energy Standard Implementation Plan – Plan for Distributed Renewable Energy Resources, subject to the additional provisions contained in this schedule, if either is eligible for Customer Self-Directed Renewable Energy Option per the Arizona Corporation Commission's Renewable Energy Standard Rules ("RES Rules"). If a customer is determined to be an "Eligible Customer" as defined in the RES Rules, then that entity must apply for funding per this schedule.
2. An Eligible Customer is eligible to receive funds per this schedule if the total of all RES-related payments made to Ajo for service for their respective service accounts total \$25,000 or more in the previous calendar year.
3. Funds an Eligible Customer receives during a calendar year will not exceed RES-related payments made to Ajo during the previous calendar year. No payments made in other Affected Utilities' service territories count as payments made to Ajo for purposes of receiving funds.
4. An Eligible Customer will provide at least half the funds necessary to complete each proposed project (A.A.C. R14-2-1809.B.)
5. Projects established through this option must be used in the operations of the Eligible Customer and within Ajo's service territory.

All Renewable Energy Credits ("RECs") derived from any Applicant receiving funding per this schedule for any distributed renewable energy system, including generation and Extra Credit Multipliers, will be applied to satisfy Ajo Improvement Company's Annual Renewable Energy Requirement and Distributed Renewable Energy Resource Requirement.

AJO IMPROVEMENT COMPANY

Sheet No. 36.0

RES TARIFF: RENEWABLE ENERGY STANDARD SURCHARGE SCHEDULE

Applies to: The Ajo Improvement Company Service Area
Pima County, Arizona

Ajo's Renewable Energy Standard Surcharge ("RESS") – established in Decision No. 70304 (April 24, 2008) – will apply to all retail service. All provisions of the customer's current applicable rate schedule will apply in addition to this surcharge. Ajo will evaluate – from time to time – the RES program spending requirements. If necessary the RESS may be increased if it becomes apparent that more funding is needed for Ajo to meet the RES in future years. The Commission must approve any increases to the RESS. Any change to the RESS amounts will be applied in billing cycle 1 beginning in the month following Commission approval and will not be prorated. Additional details regarding the RESS can found in Ajo's Renewable Energy Standard Implementation Plan in Docket No. E-01025A-07-0598, the Commission approved in Decision No. 70304 (April 24, 2008).

Surcharge:

A RESS of \$0.004988 per kWh will be charged to Ajo customers, but capped as follows:

Residential Customers:	\$1.05 per month per service
Non-residential Customers:	\$39.00 per month per service
Non-residential Customers with demand of 3 MW per month for three consecutive months:	\$117.00 per month per service

The RESS will be shown as a separate item on customer bills. The RESS is established pursuant to A.A.C. R14-2-1801 through R14-2-1816 the Commission approved in Decision No. 69127 (November 14, 2006).
